

THE OCT, CRYO-GEL... PUMPS YOU UP!

'Hear me now, believe me later...'

This pump gel is no whimpy OCT! It won't run over the chuck in a big liquid mess. OCT Cryo-Gel is here to **PUMP YOU UP!** (Arnold would be so proud, Yah!)

- Easy to use pump that can dispense in any position
- Stays put; won't run; no stringy, gooey mess (**3X thicker**)
- No waste (Dispensing cap gives complete control of delivery)
- Unique formulation actually makes sectioning easier versus other OCT compounds
